TRAINING DESCRIPTION

This comprehensive training program is designed to equip participants with the essential skills and knowledge to master the intricate process of Identification and Analysis of Training Needs (TNA). In today's dynamic workplace, understanding and addressing the training needs of individuals and organizations is crucial for sustained success and growth. This course delves into the artistry behind TNA, combining theoretical foundations with hands-on applications to ensure participants are adept at recognizing, prioritizing, and addressing training gaps effectively.

TRAINING OBJECTIVES

Training objectives for a course on "The Art of Identification and Analysis of Training Needs" should be Specific, Measurable, Achievable, Relevant, and Time-bound (SMART)

- Understand the Importance of Training Needs Analysis (TNA)
- Master the Key Concepts and Terminology of TNA
- Apply Methods of TNA
- Prepare for TNA Implementation
- Conduct TNA Effectively
- Analyze TNA Data and Interpret Results

WHO SHOULD ATTEND?

- HR professionals
- Training coordinators
- Managers, supervisors and group leaders

TRAINING METHODOLOGY:

A highly interactive combination of lectures and discussion sessions will be managed to maximize the amount and quality of information and knowledge transfer. The sessions will start by raising the most relevant questions and motivate everybody to find the right answers. You will also be encouraged to raise your own questions and to share in the development of the right answers using your own analysis and experiences. Tests of multiple-choice type will be made available on a daily basis to examine the effectiveness of delivering the course.

Very useful Course Materials will be given.

- 30% Lectures
- 30% Workshops and work presentation
- 20% Group Work & Practical Exercises
- 20% Videos & General Discussion
