TRAINING OVERVIEW

TRAINING DESCRIPTION:

A feasibility study is an analytical tool used during a project development process to show how project would operate under a set of assumptions. These assumptions often include such factor as the technology used (the facilities, equipment, construction process, etc.) financing, (capital needs volume, cost of material, wages, etc.) Establishing the feasibility study is conducted to obtain an overview of the problem and to roughly assess whether feasible solutions exist prior to committing substantial resources to a project. In this course, attendees will learn how to conduct a feasibility study with all what it entails. Case studies and practical examples will be discussed.

TRAINING OBJECTIVES:

After complete the course the participants will be able:

- **To determine the goals and personality of the project owner.**
- **Market study- economic study.**
- **Technical and executive study of the project.**
- **Financial study of the project.**
- **The final decision or results and recommendations related to the project.**
- **Economic feasibility and cost effective.**
- **Operational feasibility with the solution work in the organization.**

WHO SHOULD ATTEND?

Anyone involved in preparing, writing and analyzing feasibility studies, especially project managers and project planners.

DMCT/OL/9/18(Rev3Dt:23/9/18)

TRAINING METHODOLOGY:

A highly interactive combination of lectures and discussion sessions will be managed to maximize the amount and quality of information and knowledge transfer. The sessions will start by raising the most relevant questions and motivate everybody to find the right answers. You will also be encouraged to raise your own questions and to share in the development of the right answers using your own analysis and experiences. Tests of the multiple-choice type will be made available on a daily basis to examine the effectiveness of delivering the course.

Very useful Course Materials will be given.

- 30% Lectures
- 30% Workshops and work presentation
- 20% Group Work & Practical Exercises
- 20% Videos & General Discussions
